"Erasmus + Mobility Caffe"

Erasmus+ Mobility Caffe is the first meeting organized within the framework of post-mobility meetings for students of the University of Elbasan "Aleksandër Xhuvani".

The University of Elbasan "Aleksandër Xhuvani" became part of the Erasmus+ program in 2014 with the KA107 project, which enables student mobility for all three study cycles (Bachelor, Master, Ph.D., for studies and internships) and staff mobility (for teaching, training, scientific research) and there are 50 agreements with partner universities in force.

The University of Elbasan "Aleksandër Xhuvani" has been and is part of many different projects with the Erasmus+ Program, starting with Tempus, Erasmus Mundus, Capacity Building in Higher Education CBHE, Jean Monet.

UE is collaborating with various partner universities for the conclusion of new mobility agreements and the various projects that are in the Erasmus+ program.

National Scientific Conference "The educational tradition of Elbasan from the middle of the 19th century to the 30s of the 20th century"

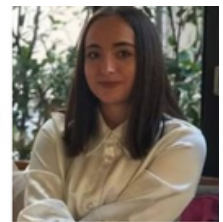

The conference was held in cooperation with the University of Tirana, the Academy of Albanian Studies, the Institute of History, and the State University of Tetova. This conference aims at the identification, discovery, and evaluation of the educational tradition of the city of Elbasan, which goes beyond the local borders, the evaluation of the nationwide contributions of the personalities of the area of Elbasan in the field of education, the Albanian language, and didactics, the involvement of the researchers of the units different scientific and academic in these projects and equally the involvement of students with interests in scientific research. In his speech, the vice-rector of the university, Assoc. Prof. dr. Peçi Naqellari, appreciated the organization of this conference, the works of which lead and exalt the figures of education in the educational tradition, as an inalienable cultural and intellectual heritage for today and future generations. He also emphasized that the organization of such scientific conferences, the creation of infrastructural facilities, contemporary programs, and the realization of mobility abroad, make the University of Elbasan one of the most successful in the country.

Presentation of the Master of Science "Transitional Justice"

Master of Science "Transitional Justice" has been presented at the University of Elbasan "Aleksandër Xhuvani". The Master of Science Program in Transitional Justice is designed to consolidate research and teaching in the field of transitional justice in Albania. The program will address critical dimensions for understanding transitional justice in Albania, referring to the social, political, institutional, and legal context in which the transition from the communist past took place.

CleanScore Research Paper Competition

CleanScore is a project that for the first time taught me what research-scientific work is. Participating for the umpteenth time in this competition has helped me learn how to do a scientific paper. "Thanks to the lecturers who have patience and give us the courage to improve and also thanks to AADF and CleanScore for discovering this "talent" for research paper".
