

International Conference "Building the sustainability of aquatic ecosystems through scientific knowledge"

The University of Elbasan, "Aleksandër Xhuvani", in cooperation with the University of Salento, Italy, and the International Journal of Environmental and Scientific Application, organized the International Conference "Building the sustainability of aquatic ecosystems through scientific knowledge." For two consecutive days, academics from around the world presented the results of their research work and exchanged thoughts, perspectives, and new scientific research ideas.

Rector of the University of Ioannina's visit to the University of Elbasan

The rector of the University of Elbasan, Prof. Dr. Skender Topi, welcomed the rector of the University of Ioannina, Mr. Triantafyllos A.D. Albania. In the framework of this fruitful meeting, facilitated by the Greek Embassy in Tirana, there was a commitment between the two institutions for long-term cooperation in areas of mutual interest. The meeting between the two rectors ended with the awarding of the university emblem as a sign of thanks and mutual cooperation.

Agency for Quality Assurance in Higher Education (ASCAL)

The Agency for Quality Assurance in Higher Education (ASCAL), in cooperation with the University of Elbasan, "Aleksandër Xhuvani", held the training meeting with the working groups, academic staff, and relevant directorates of the EU.

Training with students

The 2-day training for students, "Empowering young people after the pandemic: Challenges and opportunities," takes place at the University of Elbasan "Aleksandër Xhuvani". The overall goal of the project is to prepare young people for changes in the labor market following the COVID-19 pandemic.

Monthly Diary

OCTOBER 2022

National Research and Development Program

At the University of Elbasan "Aleksandër Xhuvani", the first scientific reports of the winning projects of the National Research and Development Program (PKKZH), in the fields of teaching and business, have been presented. This activity focused on the importance of increasing the participation and quality of scientific research by increasing research projects with a focus on collaborations that contribute to academic development and that address issues of economic development. For years, the University of Elbasan has followed a successful internationalization strategy, undertaking a series of initiatives with a focus on students and academic staff.

Chevening International Scholarship Programme

At the University of Elbasan, "Aleksandër Xhuvani" was presented the international Chevening scholarship program offered by the United Kingdom government.

Representatives of this program in Albania presented the participants with the importance, opportunities, and benefits that this program offers to develop master's studies in the United Kingdom, as well as the application modalities.

The scholarship is funded by the British government and administered by the British Embassy in Tirana. This program is for all those candidates who show desire, vision, and skills and who want to grow personally and professionally.

For more information on applying: www.chevening.or/apply.

Academic publishing company "Elsevier"

In the framework of cooperation in the field of scientific research, the University of Elbasan "Aleksandër Xhuvani", welcomed representatives of the academic publishing company "Elsevier," Mrs. Helena Paczuska and Mrs. Katarzyna Patyrak, to discuss with the academic staff about scientific research and scientific publications.
