Conference of Rectors

On April 20, 2023, the next meeting of the Conference of Rectors of Higher Education Institutions in Albania took place. During this meeting, several important issues of common interest for Higher Education Institutions in the country were discussed, including:

Continuous communication with the Ministry of Education and Sports regarding the implementation of certain legislative initiatives, such as the development of distance learning programs, determination of language proficiency levels for candidates pursuing third-cycle Doctoral and specialization studies.

Coordination of common policies and agreement on achieving an agreement between the Republic of Cyprus, Greece, and Albania within the framework of European developments in Higher Education with mutual interest for the participating parties and beyond.

Preliminary approval of the project strategy for an environmentally friendly university.

The members of the Conference of Rectors unanimously reconfirmed the leadership of the Conference, re-electing the current chairman, Prof. Dr. Artan Hoxha, and two (2) vice-chairmen, Prof. Dr. Skender Topi and Prof. Dr. Tonin Gjuraj.

At the end of the meeting, the Chairman of the Conference of Rectors requested all conference members to inform all students of public and non-public Higher Education Institutions about their participation in the International Student Conference on May 18-19, 2023.

International Week, Krakow, Poland

The University of Elbasan "Aleksandër Xhuvani" participated in the International Week organized by the University of Economics in Krakow, Poland. As part of the activities, an official meeting was also held between the Vice-Rector of the University of Elbasan, Prof. Elvira Fetahu, and Prof. Paweł Lula, Vice-Rector of the University of Economics. During this meeting, they discussed the successful long-term cooperation between the two institutions and the possibilities for expanding this collaboration in the future.

Open Lecture at FSHMT

As part of the agreement with Tampere University of Applied Sciences in Finland, the Department of Nursing at the Faculty of Medical Technical Sciences held an open lecture on the topic "Genomics, The future of Nursing" as the final word and current challenge in nursing. The lectures were delivered by Prof. Arja Halkoaho, currently serving as the Principal Lecturer and leader of "Genetic and Genomic Nursing Education - GenoNurse," as well as Senior Lecturer, Msc/PhD Cand. Mari Laaksonen. The lecture was attended with great interest by the academic staff and students of this faculty.

The Kangaroo Math Olympiad

Mathematics is the language spoken by exact sciences as well as our everyday lives. Fostering the desire to learn mathematics is a priority in our daily work. On Saturday, under the supervision of the Department of Mathematics, the Kangaroo Math Olympiad took place at the premises of the University of Elbasan.

Scientific Symposium at FSHMT

The Scientific Symposium "The Impact of COVID-19 on the Organization and Management of the Healthcare System, Implementation of a Mathematical Epidemiological Model" took place in the premises of the Faculty of Technical Medical Sciences. This event marked the successful conclusion of the first project won by the Faculty of Technical Medical Sciences in collaboration with the Department of Mathematics, thanks to the continuous cooperation with the Agency of Scientific Research and Innovation. The Vice Rector of the University, Prof. Dr. Elvira Fetahu, in her welcoming speech, expressed the importance of this symposium in reshaping scientific research within the framework of nationally funded programs by AKKSHI, in which the University of Elbasan has actively participated with satisfactory involvement and tangible results.

The Business Advisory Board

The University of Elbasan "Aleksandër Xhuvani" held its first meeting within the framework of the Business Advisory Board in collaboration with the Career Counseling and Alumni Sector. Representatives from Elite Travel Group conducted a meeting with students from various study programs with the aim of informing and raising awareness about the importance and potential of tourism in our country, as well as the opportunities offered by this sector for creating new job positions. The need to guide students in this sector was emphasized to provide them with the opportunity to stay and invest in their own development and the development of the country. For years, the University of Elbasan has established agreements with the most prestigious businesses in the Elbasan region to assist students through workshops, training, projects, and employment opportunities.

Book promotion

Within the activities of the Faculty of Humanities, with the support of the University of Elbasan's Rectorate, the Department of Literature and Journalism, in collaboration with the Department of Linguistics, organized today the promotion of the book "William Shakespeare" by Victor Hugo, translated by Abdulla Rami and Ermira Xhomaqi-Godo. Present at the event were professors and students from both departments, as well as students from "Dhaskal Todri" high school, who expressed their thoughts and evaluations of this work, and discussed its values and innovations in Albanian literature. The book's translator, Ms. Ermira Xhomaqi-Godo, portrayed the long journey and dedicated work of several decades in bringing this "sui generis" work with multidimensional values to the Albanian reader. The promotion took place in the premises of the University of Elbasan's Library.
