The University of Elbasan at the 'Work&Study 2023 Fair'

The academic, assistant academic, and administrative staff of the University of Elbasan "Aleksandër Xhuvani" welcomed numerous high school graduates at the Work&Study 2023 Fair, held at the Palace of Sports. They were informed about the study programs offered, financing opportunities for registration and continuation of studies, professional internships, student exchange programs, and dedicated spaces for their scientific, professional, and cultural development. This activity was carried out as part of career counseling and in collaboration with the Ministry of Education and Sports, IAL, Tirana Chamber of Commerce, ZVA Elbasan, and the Municipality of Elbasan.

Ambassador of Sweden to Albania, Mrs. Elsa Håstad

The Vice-Rector of the University of Elbasan welcomed the Ambassador of Sweden to Albania, Mrs. Elsa Håstad, in an official meeting. During this meeting, discussions were held on current collaborations and future avenues of cooperation with higher education institutions in Sweden, as well as with other partner institutions. The meeting took place within the framework of the 8th Roundtable on Gender Issues with the theme "Women's Activism for Gender Equality," organized in collaboration with the Department of Foreign Languages. Ms. Håstad, along with Mr. Michele Ribotta, representative of UN Women in Albania, and Ms. Mirela Gjoni from the Elbasan Women's Forum, engaged in discussions with students about empowering women's voices in society and their broader participation in various spheres of society.

Foreign academics in the EU

As part of the EU's strategy to promote the highest standards of teaching quality, Bachelor students in Social Work program at the Department of Social Sciences and Civic Education at the Faculty of Social Sciences and Humanities enthusiastically attended lectures on March 6 and 7 delivered by Italian professors from the University of Bari, Roberta Santoro and Giuseppe Cascione. Collaboration with the University of Bari remains one of the strong points for exchanging best practices in this field.
