3rd International Conference of the Faculty of Education Sciences in UE

The Faculty of Education Sciences at the University of Elbasan "Aleksandër Xhuvani" successfully held the 3rd International Conference on "Globalization and Integration in Contemporary Education." In his welcoming speech, the university's rector, Prof. Dr. Skender Topi, expressed appreciation for the commitment and organization of scientific conferences, becoming a promoter of numerous initiatives, including many projects won at the national and international levels. An excellent example of these initiatives is the extensive participation of professors both within and outside the country, demonstrating once again that distance does not hinder collaboration when the goal is education. This conference, organized by the Faculty of Education Sciences, serves as a platform for scholars, researchers, academics, and professionals from around the world to share ideas, perspectives, and new insights, contributing to the development of scientific knowledge in the field of education.
