Erasmus+ Students' Guide

What is ERASMUS+

The Erasmus+ Programme is a European funding programme established in 1987 offering university students a possibility of studying or doing an internship abroad in another country for a period of at least 3 months and maximum 12 months per cycle of studies. Erasmus+ now offers the possibility to go way beyond the European borders as well.

How Can you benefit?

All Students of University of Elbasan after completing a 1st year of studies can benefit of the Erasmus+ studies and Erasmus+ placement programmes, based on the previous agreement between institutions. The student can benefit only one Erasmus+ Mobility within a cycle of studies.

All calls are published at:

<https://uniel.edu.al/bashkepunimi-nderkombetare-ue/erasmus-mobilitete/thirrje-per-mobilitete>

As an Erasmus student, you have to:

§ Respect the Learning/Training Agreement setting out the details of your planned activities abroad, including the credits to be achieved.

§ Respect the rules and obligations of your Erasmus+ grant agreement with your home university or your National Agency.

§ Ensure that any changes to the Learning/Training Agreement are agreed in writing with both the home and host institutions as soon as they when they occur.

§ Spend the full study/placement period as agreed at the host university/enterprise, including undergoing the relevant examinations or other forms of assessment, and respect its rules and regulations.

§ Write a report on your Erasmus study/placement period abroad when you return and provide feedback if requested by your home university, the European Commission or the National Agency.

Language?

To participate in Erasmus+ as a student, it is necessary to have a knowledge of English, the minimum is B1. (other European languages are not excluded, but it is necessary to have the approval from the partner institution).

Preparation?

The International Relations Office of UE, former Erasmus+ students, will be happy to support you through the whole process.

How much does ERASMUS+ costs?

Each student receives a grant which covers the costs of the stay abroad. Grants differ from sending and host countries. The amount of the grant will be known for students at the moment they ask the International Relation Office.

Students going on exchange under the ERASMUS+ programme will pay the tuition fees at their home university.

You should be aware that in most cases, the Erasmus+ grant alone will not cover all your life expenses.

Courses?

One of the basic rights each exchange student has is the full recognition of courses passed successfully abroad by the home university. Before leaving the home university, the participating student signs the [Learning Agreement](#) - a document that describes the programme of studies followed in the host university. At the end of the stay the host university should prepare for the student a document called [Transcript of Records](#) which confirms the completed studies' programme and the results.

These documents are legally binding for all parties involved (home and host university).
